Be sure to make and keep photocopies of all the completed forms. Submitted documents become property of SNU and therefore will not be returned to the applicants. The application fee is non-refundable.

Admission once granted will be rescinded, if any false information or unfair practice for admission played a part in the process. This applies even after a student is enrolled at SNU. Applicants are not allowed to utilize a cross application approach, which can lead to disqualification. Cross application is defined as when an applicant is given more than one application number after submitting multiple applications. Submissions of multiple applications mean either applying more than one graduate course, or applying both undergraduate and graduate course at once.

Detailed account of individual admissions decision for each applicant cannot be disclosed.

The admissions staff reserves the right to require additional documents from applicants, should there be any need to clarify the eligibility or to verify the authenticity of the submitted materials.

International Admissions II applicants are advised to note that SNU does not generally acknowledge international schools located in Korea as foreign schools.

Documents which are not in English or Korean will not be accepted. In case of being written in any other foreign language, you must submit a notarized/certified translation (in Eng. or Kor.) completed by a public notary in the country where the document was originally produced.

Those applicants, having been admitted to SNU within the last 5 years through International Admissions and intending to apply for a Master's or Doctoral program, are exempt from submitting the following:

- Official certificates of graduation and transcripts from universities outside of Korea
- Applicants exempt from submitting any of the above documents should submit the transcript and the Certificate of Attendance or Graduation at SNU instead.

Admissions Criteria

Admissions decisions are based on the overall evaluation of candidate's academic achievements and potential as well as his or her personal accomplishments.

The admissions committee reviews a number of factors – academic records of previous studies such as Grade Point Average (GPA), study plan, personal statement, and letters of recommendation. Other achievements and specific qualifications such as language proficiency are also taken into consideration. The candidate's application is reviewed in the context of the level of studies completed, quality of achievements, and characteristics of institutions attended. Finally, the appropriateness of the applicant's academic goals and the suitability of preparation for the desired program are assessed.

Interviews, examinations, and/or additional documents may be required from the applicant, depending on the policy of the specific college or department. If the applicant is applying for the College of Fine Arts, the College of Music, the Department of Physical Education, the Music Education or the Fine Arts Education Major, the applicant will be individually notified of further requirement as necessary.

APOSTILLE Requirements for Newly Admitted Students

Since July 14, 2007, the Republic of Korea has been a party to the 1961 Hague Convention abolishing the Requirement of Legalization for Foreign Public Documents. The Convention provides for the simplified certification or public (including notarized) documents to be used in countries that have joined the convention.

The Apostille ensures that public documents issued in one signatory country will be recognized as valid in another signatory country.

Apostille certificates are to be submitted within 15 days after enrollment at SNU.
For information regarding how to get an Apostille, please refer to the website www.apostille.gov.kr (Apostille Section).

Please refer to the list of signatory countries on Apostille certificates in the next page.

1. Official certificates (transcripts, diplomas, etc.) from public schools or institutions should be submitted with the attachment of "Apostille".
2. Official certificates (transcripts, diplomas, etc.) from private schools or institutions, however, should be officially notarized by a notary, agency or any other authority competent under the law of the country of origin of the certificates, and then, should be submitted with the attachment of "Apostille".

N.B. All documents should be in English or Korean. If it is in any other language, you must submit a notarized/certified translation (in Eng. or Kor.) completed by a public notary in the country where the document was originally produced.

1. Official certificates (transcripts, diplomas, etc.) must be legalized by a Korean consular officer in the country where the certificates were issued.
2. Applicants from these countries should submit the official certificates with the attachment of an Authentication (ex. Certificate of Authentication or Certificate of Overseas Educational Institutions) issued by the Korean Embassy or Consulate.

N.B. All documents should be in English or Korean. If it is in any other language, you must submit a notarized/certified translation (in Eng. or Kor.) completed by a public notary in the country where the document was originally produced.
