Things You Should Know Before You Apply

Applicants should make sure they type in the correct personal information when undertaking the online application process. In principle, any modification and/or cancellation is not allowed after completing the online application.

Applicants are fully responsible for any disadvantage they may incur due to errors and/or omissions in the information provided.

Be sure to make and keep photocopies of all the completed forms. Submitted documents become property of SNU, and therefore will not be returned to the applicants. The application fee is non-refundable.

Admission once granted will be rescinded, if any false information or unfair practice for admission played a part in the process. This applies even if a student is enrolled at SNU.

Applicants are not allowed to utilize a cross application approach, which can lead to disqualification. Cross application is defined as when an applicant is given more than one application number after submitting multiple applications. Submissions of multiple applications mean either applying more than one graduate course, or applying both undergraduate and graduate course at once.

Detailed account of individual admissions decision for each applicant cannot be disclosed.

The admissions staff reserves the right to require additional documents from applicants, should there be any need to clarify the eligibility or to verify the authenticity of the submitted materials.

International Admissions II applicants are advised to note that SNU does not generally acknowledge international schools located in Korea or foreign schools.

Applicants with both Korean and other foreign citizenship are not eligible for International Admissions I. Those applicants are only subject to the Eligibility Status for International Admissions II, as defined on page 4.

International Admissions II applicants are defined as those who received the entire course of education (from 1st grade of elementary to Undergraduate) outside of Korea.

Applicants, who transferred during their prior course of studies, must submit their full complete academic records from all of the applicable institutions including Transcripts and Certificate of Graduation/Attendance.

Original documents should be submitted. However, should they be unavailable, copies must be authorized by the document-originating institution, or notarized by a public notary in the country where the document was originally produced before submission.

Documents which are not in English or Korean will not be accepted. In case of being written in any other foreign language, you must submit a notarized/certified translation (in Eng. or Koc) completed by a public notary in the country where the document was originally produced.

 Those applicants having been admitted to SNU within the last 5 years through International Admissions and intending to apply for a Master's or Doctoral program, are exempt from submitting the following:

- Official certificates of graduation and transcripts from universities outside of Korea. Applicants exempt from submitting any of the above documents should submit the transcript and the Certificate of Attendance of Graduation at SNU instead.

Admissions Criteria

Admissions decisions are based on the overall evaluation of candidate’s academic achievements and potential as well as his or her personal accomplishments.

The admissions committee reviews a number of factors - academic records of previous studies such as Grade Point Average (GPA), study plan, personal statement, and letters of recommendation. Other achievements and specific qualifications such as language proficiency are also taken into consideration. The candidate's application is reviewed in the context of the level of studies completed, quality of achievements, and characteristics of institutions attended.

Finally, the appropriateness of the applicant's academic goals and the suitability of preparation for the desired program are assessed.

Interviews, examinations, and/or additional documents may be required from the applicant, depending on the policy of the specific college or department. If the applicant is applying for the College of Fine Arts, the College of Music, the Department of Physical Education, the Music Education or the Fine Arts Education Major, the applicant will be individually notified of further requirement as necessary.
