Dear Prof. Ayala and Prof. Carrera,

I am pleased to inform you officially that the applications from the Escuela Politécnica Nacional (EPN) and Universidad San Francisco de Quito (USFQ), Ecuador that were presented during the June 2015 CMS Physics week, were accepted by the CMS Collaboration Board (CB) with an overwhelming majority on 9 September 2015.

You are kindly requested to send the Institute's official letterhead to [cms.people@cern.ch](mailto:cms.people@cern.ch) and to fill in and return the CERN Users Office form 'Appointment of Team Leader', which will be sent to you shortly by the CMS Secretariat. Please check/complete the data for your group and communicate to us the composition of the group: to get registered with CMS [cms.people@cern.ch](mailto:cms.people@cern.ch) should be contacted.

Please note that the total number of Physicists (with PhDs) will be used to calculate the Maintenance and Operations Cat. A (M&O-A) cost sharing for 2017, so please specify for them the M&O-B Sub-detector and /or domain of activity \* (for more information you can consult the 'MoU for Maintenance and Operation 2002' available at <http://committees.web.cern.ch/Committees/LHCRRB/CMS/CERN-RRB-2002-033.pdf>).

\* M&O-B:

Sub-detectors: ECAL/HCAL/Muons/Tracker/Trigger/BRIL

Domain of activity: DAQ, Offline, DI (Det. Integration), GEN (Activity of general interest)

I am convinced that this will be a mutually rewarding collaboration and I am sure that your contribution will be very useful to CMS. Please do not hesitate to contact me or Mr Andrzej Charkiewicz if you have any questions.

Yours Sincerely,

A handwritten signature in blue ink, appearing to read "Tiziano Camporesi", with a long horizontal flourish extending to the right.

Dr. Tiziano Camporesi  
CMS Spokesperson

Cc. Mr Andrzej Charkiewicz, CMS Resources Manager  
Dr. Jorgen D'Hondt, Chairperson of the CMS Collaboration Board  
Dr. Achille Petrilli, CMS Team Leader
